Freedom Cage October 10

Recording the new album was one of the most fun times I've ever spent in the studio! We had a blast!! Be sure to check us out next Saturday in westbourough club, Tonbridge Rd, Maidstone!! Should preview a couple of the new songs out!

18TH JULY - THE WINDMILL, ASHFORD.
15TH AUGUST - THE DRUIDS ARMS, MAIDSTONE.
31ST AUGUST - EARLS, MAIDSTONE.
19TH SEPTEMBER - BRADSTOW MILL, BROADSTAIRS.
25TH OCTOBER - THE WALNUT TREE, LOOSE.
12TH DECEMBER - THE DRUIDS ARMS, MAIDSTONE.

Freedom Cage

We are a four piece rock band from Maidstone, Kent playing original songs with a few covers.

We like to keep our feet firmly on the ground and appreciate good solid rock with solid drums and driving guitars.

We let the music do the talking, and are passionate players who just want to spread the good word of The Cage.

Craig Name : Craig Webman
Traffic : Singer, Drummer, Guitar

This project was for my brothers band and the task to design and develop their website. I used influences from classic rock bands to try and match the colours and style. They have needed a website for a while but have links on social media and post to them regularly which was a focal point for me when I designed the website. The website offers services which social media cannot.

Freedom Cage

Album Art

This project was to design and create an album for my brothers band. It has been influenced by the likes of Pink Floyd, The Rolling Stones and Led Zeppelin. I have taken the colours used by these bands and tried to implement that and the style and design of these albums to create a somewhat likeness to these classic albums.

You keep The Land, we'll Take The sea

Guitar App

This was my final year project and consisted of me designing an app to aid beginners learning guitar. I wanted to include everything a beginner would want from a guitar learning app. As a guitar player myself, the app has some real importance and I have a particular interest in this app. I wanted to make it something that I would use myself as well as aim at all guitarists as well as beginners.

Freedom Cage Music Video

This video was for Freedom Cage's song "History of Words". The video was about the loss of someone close to the bands singer and the video is very reflective and heartwarming with a rock and roll backbone to match the song. This was the bands 1st properly filmed music video and was my first music video

A collage of screenshots from a video editing software interface. It shows a library of 83 items from April 14, 2015, a timeline for the song "History of Words" (3m 50s), and a YouTube player showing the video "History of Words" by FreedomCage11. The YouTube page includes a video thumbnail, play button, progress bar, and a sidebar with recommended videos like "Gow. By Freedom Cage" and "Noel Gallagher Jonathan Ross show 2014".

Individual Music Project

Light Spiral Project

This project was done during my A-Levels. I have included them in this portfolio because I feel they are different to my other projects and showcase my other talents outside of design and media. This is more of an artistic project. These images were made by hanging a torch from the ceiling with string and spinning it round. I would have a camera on the floor and put it on the long exposure setting to capture these intriguing images
